

## Machine

|              |                      |
|--------------|----------------------|
| Inventory N° | <b>16229</b>         |
| Description  | Swiss-type cnc lathe |
| Brand        | <b>TORNOS</b>        |
| Model        | <b>EvoDECO 10/10</b> |
| Serial No    | <b>12890</b>         |
| Year         | <b>2015</b>          |

## Heading

|                                     |              |
|-------------------------------------|--------------|
| Control                             | PTO          |
| Number of axis                      | 10           |
| Number of spindles                  | 2            |
| <b>Principal spindle</b>            |              |
| Bar maxi diameter                   | 10 mm        |
| Machining                           | max. 100 mm  |
| Spindle speed                       | 14'000 t/min |
| Power                               | 10.1 kW      |
| C axis (spindle,resolution)         | 0.001 °      |
| <b>Sub spindle</b>                  |              |
| Bar maxi diameter                   | 10 mm        |
| Spindle speed                       | 14'000 t/min |
| Power                               | 7 kW         |
| C axis (spindle,resolution)         | 0.001 °      |
| <b>Number of guide bush holders</b> |              |
| <b>Guide bush holder</b>            | 1            |
| Number of positions                 | 8            |
| <b>Guide bush holder</b>            | 2            |
| Number of positions                 | 8            |
| Number of motorized positions       | 4            |
| Speed turning tools                 | 12'000 t/min |
| <b>End attachment</b>               |              |
| Number of positions                 | 3            |
| Number of motorized positions       | 3            |
| Speed turning tools                 | 12'000 t/min |
| <b>Back working unit</b>            |              |
| Number of positions                 | 4            |

Inventory N° **16229**

|  |                   |
|--|-------------------|
| Number of motorized positions            | 4                 |
| Speed turning tools                      | 9'000 t/min       |
| <b>Power supply</b>                      |                   |
| Operating voltage                        | 400 V             |
| <b>Over-all dimensions</b>               |                   |
| Over-all-dimension (lenght-width-height) | 1850x1140x1800 mm |
| Weight                                   | 1650 Kg           |
| Number hours (under power)               | 59000 h           |
| Barloader                                | Elite 112         |
| N°                                       | 0210520VA03       |
| Interface                                | Ethernet / RS232  |
| Fire extinguisher                        |                   |
| Oil extractor                            |                   |
| Tool break control                       | MINI-DETECTOR     |
| Workpiece collector                      |                   |
| Coolant unit                             |                   |
| Turning guiding bushes                   |                   |
| Interface                                | Ethernet / RS232  |
| Motorized drive                          | S2,S3,S5          |
| Number hours (working process)           | 32000             |
